THE CATHOLIC CHRISTIAN COMMUNITY OF ST. PETER

What a wonderful Vacation Bible School week we had here at St. Peter sharing the word of God! The children learned valuable life lessons: when we are lonely, when we worry, when we struggle, when we do wrong, when we are powerless—JESUS RESCUES US! Something even adults need a gentle reminder of on some days...

The community vacation bible school was a great success only because of those who answered the calling for this ministry whether through generous donations, prayers, and volunteering with the kids. This summer children’s ministry was just another stepping stone toward a solid foundation in Christ our LIGHTHOUSE! PRAISE GOD!!

Thank you for being the hands of Jesus...

Dear Padre

August 5, 2018

While attending Mass at a different church, my husband and I saw a woman clutching a dog. My husband was perturbed when she went to Communion carrying her dog. Are there guidelines about bringing animals to Mass?

Animals are part of God's creation. "He surrounds them with his providential care. By their mere existence they bless and give him glory" (*Catechism of the Catholic Church*, 2416). We bless animals in honor of St. Francis, usually outdoors, showing our care for them in God's creation.

Seeing dogs inside church is uncommon, though some churches have been noted to be "pet friendly" by encouraging parishioners to bring pets to Sunday worship.

Your or any parishioner's experience requires parish leaders to make choices based on a clear rationale. Perhaps the pastor agreed to a special circumstance, allowing the dog because its presence offered emotional support. Service dogs, including emotional-support dogs, are certified and welcomed because of legitimate need.

A parish policy about dogs should consider the safety and well-being of animals and parishioners. A strange environment with lots of people can make dogs anxious. Also, some people are anxious around dogs. In cases of conflict, human needs are typically taken more seriously.

Another concern is cleanliness and allergies. Well-trained dogs may be accident free, but animals that trigger allergies pose problems. Reactions are serious matters, so policies need to consider people's health.

Dogs in church should not be a distraction. Well-trained service dogs have specific functions and should pose minimal distractions; family pets are another matter. Understanding the real need helps us form an appropriate pastoral response that serves the good of all.
