Area Happenings
Burger Bash Sunday

Sunday, May 19 we hope you'll stop by for a hamburger by Brookview Meats between 11 and 1. It's the 16th annual Burger Bash in the Rauhley Park Pavilion and many area churches are involved in the set up and serving. Area cattlemen have again raised a pen of steers for our faith-based community mission outreach. Volunteers donate feed and care for the steers and when they are sold every penny after expenses goes to a wonderful International ministry, Growing Hope Globally, formerly known as Foods Resource Bank.

Archbold's own Jim Rufenacht is now on that board and has been to see the difference our local efforts make half-way around the world. The Burger Bash ends one project year and kicks off another. Our community has averaged a gift of over \$30,000 each of the last 15 years to a project we select locally from the global list provided. Please show your support by joining friends and family at the Burger Bash on the 19th. A free donation covers your picnic lunch.

Dear Padre

May 19, 2019

Can people with celiac disease take substitutes for the wheat host?

This is becoming an increasingly important pastoral issue. In some cases, food allergies are so toxic that even a bit of the allergen can lead to death.

Attention was drawn to this issue when a bishop refused a mother's request to allow her child to receive first Communion with a wafer made from rice. The bishop suggested the child receive Communion only from the cup. Not satisfied by this recommendation, the entire family joined a Christian denomination that allowed the use of rice wafers.

The Vatican has decreed that there must be at least some gluten to make the host valid bread for Communion and that men who have celiac disease shouldn't be admitted to the priesthood because the priest must be able to eat and drink the Body and Blood of Christ.

So how much is some gluten? The Vatican was not specific. A group of US Benedictine nuns took on the challenge of making a wheat host that would contain .01 percent gluten. Their recipe was approved by the Vatican in July 2003. Since that approval, the nuns have been amazed at the number of requests they receive for these low-gluten wafers.

Low-gluten hosts are usually purchased by the parish and consecrated at the same time as the gluten hosts, with the low-gluten hosts placed in a separate container. Communicants who can't tolerate even the low-gluten hosts may choose to share only in the cup of Communion.
