The Perpetuate the Gift Appeal kicked off on September 18. This appeal supports the Priests' Retirement Fund for our retired Diocesan priests, lessening the assessment each parish pays to support the fund.

Next Sunday -(October 10) at 10 AM the Religious Education students (K-6) will recite the Rosary. Come and support our students and show them that our community of faith believes prayer is an important part of our lives!

Dear Padre

October 3, 2021

I just got my new driver's license, and my wife is encouraging me to sign up to be an organ donor. Are organ transplants permitted by the Catholic Church?

Yes, under certain conditions. The *Catechism of the Catholic Church* affirms that "organ transplants are in conformity with the moral law if the physical and psychological dangers and risks to the donor are proportionate to the good that is sought for the recipient" (CCC 2296).

Organ transplants from a dead person to a living person must fulfill two additional criteria: First, the donor must give free and informed consent prior to death, or those who legitimately speak on the donor's behalf must do so at the time of death. And second, the donor must be dead before the tissue can be harvested—in other words, the donor must not be declared dead prematurely, nor may the donor's death be hastened just to use the organs. The *Catechism* adds, "Organ donation after death is a noble and meritorious act and is to be encouraged as an expression of generous solidarity."

The transplantation of organs from a living donor must fulfill two criteria: First, the removal of the organ must not seriously impair the donor's health or bodily function. Second, the donor must make an informed and free decision recognizing the potential risks involved.
