

If you know of any dates that will not work for the June ministry schedule, message me by May 22. I know how busy the summer gets...if you know of other dates, let me know as well.

Also, I will only be posting the monthly schedule on our Facebook page and continue on the website as well as paper copies will be available on the table and attached to the ministry bulletin board each month. The bulletin will also continue showing each ministry like normal.

Thanks,

Kim
